AMPCONTROL NAMED WINNER HEALTH, SAFETY, ENVIRONMENT AND COMMUNITY (HSEC) PEOPLE'S CHOICE AWARD AT NSW MINING ANNUAL PARLIAMENTARY DINNER

- Ampcontrol named winner of Health, Safety, Environment and Community (HSEC) People's Choice Award at NSW Mining Annual Parliamentary Dinner on Thursday 19 October 2023.
- People's Choice Award was chosen from winners at the NSW Mining HSEC Awards in August 2023 where Ampcontrol Electric Vehicle, DRIFTEX was awarded for Health Excellence.
- Recognition comes as Ampcontrol releases new company vision and strategic plan to lead the global energy revolution through innovation and collaboration.
- DRIFTEX has world's first IECEx certified Intrinsically Safe traction battery.

Ampcontrol was announced as winner of Health, Safety, Environment and Community (HSEC) People's Choice Award at NSW Mining Annual Parliamentary Dinner on Thursday 19 October 2023.

The People's Choice Award was voted for by conference attendees at the NSW Mining HSEC Awards on Monday 7 August 2023 who voted on their favourite winner from the four HSEC Awards. Ampcontrol was named winner in the Health Excellence Category for DRIFTEX Battery Electric Vehicle for Underground Mining Operations.

Rod Henderson, Ampcontrol Managing Director & CEO accepted the award on behalf of Ampcontrol.

"We are proud to be recognised by our peers in receiving the NSW Mining HSEC People's Choice Award. Through collaboration and innovation partnerships, Ampcontrol is focused on supporting industry and customers to decarbonise and make net zero a reality. We are actively supporting the resources industry through mining electrification solutions. This includes DRIFTEX, which we can proudly say has the world's first IECEx certified Intrinsically Safe traction battery," says Mr Henderson.

Through radical thinking and collaboration, Ampcontrol has developed the world's first IECEx certified Intrinsically Safe traction battery. Ensuring safe operation of our electric vehicles in Group I hazardous areas.

Ampcontrol Electric Vehicle, DRIFTEX, is helping to decarbonise and electrify the mining industry. Designed and developed in response to growing industry demand for low emissions technology, the Ampcontrol Electric Vehicle DRIFTEX also offers significant health and environmental improvements by removing carcinogens underground.

Ampcontrol is focused on diversifying and growing the business with a key focus on renewable energy manufacturing and how it can support customers in decarbonisation and mine site electrification.

"DRIFTEX is a great example of what strong partnerships, investment in research and development, and an innovative mindset can achieve. It highlights the importance of Government collaboration and partnerships as through the NSW Regional Job Creation Fund, we received support in the development of DRIFTEX," says Mr Henderson.

The NSW Mining Annual Parliamentary Dinner celebrates the hard-working people that power our industry. Held in the Sydney CBD, guests at the dinner include MPs, Ministers and government representatives, and leaders from the NSW mining industry.

MEDIA RELEASE

This marks the third recognition for DRIFTEX in 2023, following the NSW Mining HSEC Awards – Health Excellence, and Ampcontrol being named one of Australia’s Most Innovative Companies for 2023 by the Australian Financial Review (AFR) for its advanced Australian manufacturing of energy solutions, specifically DRIFTEX.

NSW Mining Annual Parliamentary Dinner was held on Thursday 19 October 2023 at Strangers Dining Room, NSW Parliament House Sydney and was attended by Rod Henderson, Ampcontrol Managing Director & CEO, and Simon Coleman, Ampcontrol General Manager – HSEQ.
